Sentinel™ Series

▼ Homeland Security

The Sentinel with clear panels is compliant with the Department of Homeland Security directive for clear plastic containers.

- Clear panels are made of Bayer Science® brand Makrolon® polycarbonate
- UV resistant and non-yellowing
- Available in thicknesses of:
 - 0.236" heightened security version
 - 0.093" for a more economical choice
- High melting point and 94 UL rating, providing additional content security in case of fire
- Bag rack included for clear plastic receptacles

▼ Options

- Indoor lid styles with either inward sloping or outward sloping openings
- Outdoor lids with optional ashtray
- Cold galvanizing spray treatment for extremely salty or humid environments
- Door lock to secure receptacle between collections and to prevent vandalism

▼ Panel Finishes & Customizations

- Powder coated steel finishes include 7 standard colors or custom colors
- Custom textured white granite finish
- Clear polycarbonate in thicknesses of 0.236" and 0.093"
- Aggregate finish available in 2 colors
- Stainless steel in brushed finish or 1/8" perforated steel, 304 grade, 20 gauge quality
- Panel customizations include:
 - Precision laser-cut logo or message
 - Premium 3M™ vinyl decals to convey type of waste or recycling material
